

## **A Guide to Understanding**

# **Pesticides and Toxic Chemicals with HS Codes**

Pesticides and Toxic Chemicals managed by the Pesticides and Toxic Chemicals Control Board are defined by the Pesticides and Toxic Chemicals Control Act 2000 and associated Regulations 2004.

These chemical substances are not classified using HS Codes. They are classified in accordance with the definition provided in the legislation stated above. The PTCCB takes this opportunity to inform that the HS Codes provided in this document identify chemicals that have satisfied the requirements of the above-stated legislation and are classified as pesticides and/or toxic chemicals.

This listing is not exhaustive and is subject to change as the PTCCB, through the implementation of the above-stated legislations, conducts technical and scientific reviews of substances and products proposed for import and use in Guyana.

<b>HS CODES</b>	<b>DESCRIPTION</b>
<b>25:21</b>	<b>Limestone</b>
<b>25:22</b>	<b>Quicklime, Slaked Lime &amp; Hydraulic Lime</b>
<b>25:24</b>	<b>Asbestos</b>
<b>28:01-28:53</b>	<b>Inorganic Chemicals</b>
<b>29:01-29:35</b>	<b>Organic Chemicals</b>
